## COR (OR ALTERNATE COR) NOMINATION GUIDANCE

The “Nomination of Contracting Officer’s Representative (COR) or Alternate COR” format shall be utilized by the Senior Program Official (or designee) in nominating CORs (or Alternate CORs).

DOE 541.1B, Appointment of Contracting Officers and Contracting Officer's Representatives, details the specific responsibilities of the CO and COR. DOE 361.1A, Acquisition Career Development Program, prescribes the minimum qualification requirements for the selection and appointment of CORs: Completion of 24 hours covering contracting officer representative responsibilities and certification to required level in individual's career field, if any.

Since this is a minimum qualification requirement, program officials should consider the level of experience and education of a proposed COR (or Alternate COR) in view of the dollar value and complexity of the contract prior to making a nomination.
